SUMMARY

Systems Engineering student and IT professional with experience in technical support, systems administration, infrastructure maintenance, and troubleshooting. Passionate about technology, continuous learning, and delivering efficient solutions that improve user experience and business operations.

EDUCATION

Corporación de Estudios Tecnológicos del Norte del Valle

Systems Engineering, 10th Semester Student

2021 – Present

Corporación de Estudios Tecnológicos del Norte del Valle

Technology in Systems Management, In Certification Process

EXPERIENCE

IT Systems Analyst / Systems Administrator

January 2025–march 2026

Salud Integral

- Technical support for end users (hardware and software)
- Troubleshooting computers and printers
- Preventive and corrective maintenance
- Basic monitoring of IT systems
- Incident management and escalation
- User training and assistance
- Technical documentation and process management

IT Systems Analyst / Systems Administrator

July 2024 – November 2024

Akorbi S.A.S

- Technical support and infrastructure maintenance
- Incident resolution and user assistance
- Technical documentation
- System testing and issue tracking

Technical Support Assistant / Administrative Assistant

January 2023 – December 2023

Biotechnología Dental

- Technical support for computer equipment
- Troubleshooting and maintenance
- Administrative process support

TECHNICAL SKILLS

Technical Support (9/10)

Systems Administration (8/10)

Windows (9/10)

Linux (7/10)

Networking (TCP/IP, HTTP, HTTPS) (7/10)

Git & GitHub (8/10)

Python (6/10)

PHP (6/10)
MySQL (7/10)
Troubleshooting (9/10)
VS Code (9/10)
GitHub (8/10)
Git (8/10)
Trello (7/10)
Notion (7/10)
Jira (6/10)
Linux Terminal (8/10)
Problem Solving (9/10)
Teamwork (9/10)
Communication (8/10)
Adaptability (9/10)
Continuous Learning (10/10)
Working Under Pressure (8/10)
Spanish (Native)
English (A2)

CERTIFICATIONS

Networks and Security – SENA
JavaScript – Coursera
Python – SENA
PHP & MySQL
Git & GitHub
Scrum Foundation Professional Certificate

HERO SECTION - TAGLINE

Building reliable technology solutions through IT support, systems administration, and software development.

ABOUT ME / MY JOURNEY

I am a Systems Engineering student currently in my final semesters, with practical experience in IT support, systems administration, and infrastructure management. Throughout my professional journey, I have worked directly with end users, diagnosing and resolving hardware and software issues, maintaining computer equipment, documenting technical processes, and supporting business-critical systems.

In addition to my IT support background, I have developed skills in software development using technologies such as JavaScript, PHP, MySQL, Git, and GitHub. My goal is to continue growing professionally in the technology sector while contributing to innovative projects that generate real value for organizations and their users.
